Exploring the Western Districts from the Grampians to Lava Flows, to the first Kelpie and onto the shipwreck coast

The Alvis Car Club of Victoria will host a wonderful week in the beautiful Western District of Victoria, where the 2021 Alvis National Rally will be centred on the city of Hamilton.

The Western Districts of Victoria were called Australia Felix by Major Mitchell in 1836 and his glowing reports of excellent farming soon started a land rush. Most of the areas we will be exploring were settled with squatting runs established by 1840 which displaced the local aboriginal tribes.

We will follow in the footsteps of Major Mitchell traversing the Grampians, Dunkeld and the Victoria Valley, the homestead of Warrock, where the first Kelpie was bred, follow the lava flows through the Harman Valley to Mt Eccles then onto the coast at Port Fairy and spend time in Penhurst to learn about the volcanic activity that has shaped the landforms of this area and drive up an extinct volcano for extensive views over the countryside

Our base will be Hamilton, one of the first towns in the area where there will be time to visit the Ansett Museum — Reg Ansett started his business in Hamilton with a bus service and then his airline, Camps Car Museum, the superb Hamilton Art Gallery and an historical walk around Church Hill.

Accommodation will be at one motel in Hamilton.

Put in your expression of interest to stay in the loop and to start off the second Century of Alvis motoring with wonderful company, entertainment and for the sheer joy of driving an Alvis.
